**Saburouta : Citrus Vol. 1 (English Version)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Citrus Vol. 1 (English Version):

It's emotionally sensitive and satisfying and also creates intense sexual tension without making it seem too forced. The characters are dynamic and entertaining, and there are several gratifying surprises and twists in the story. The only qualm I have with this story is its lack of recognition for the social repercussions of a lesbian relationship, particularly in this setting and with the two main characters being stepsisters. Regardless of this, I found the series so far to be very gripping, and I'm excited for the release of the next volume.1 of 1 people found the following review helpful.
