Well Packed by Marvel and an Excellent box set I am very happy with the purchase of 0 people found the following review helpful. Won't age wellBy Casey AbernathyThe plot is great. They tell the story from several angles, which allows you to see each character through the eyes of their peers, their enemies, and the public. The books themselves and the box set warp slightly with use. They seem like a hybrid between paperbacks and hardbacks. I would have liked to see something more durable.0 of 0 people found the following review helpful. This product is absolutely amazing.
