Christos Gage : Civil War: House of M before purchasing it in order to gage whether or not it would be worth my time, and all praised Civil War: House of M:

I'm not punishing the book for that, though; it's just an average story with good art. Depicts how Magneto rose to power in the House of M alternate universe/timeline.The best of the House of M tie-in books I've read so far is this one: House of M: World of M,

Featuring Wolverine The Spider-Man one was also interesting: House of M: Spider-Man. One thing that doesn't make sense with these tie-in books is the way they refer to normal humans as a minority. They might be second-class citizens, but there's no way the mutants could have numerically outnumbered the normals in just a few decades. 0 of 0 people found the following review helpful.
