**Brian Michael Bendis : Civil War II - Vol. 1-8 ( Magazine and Comic Book)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Civil War II - Vol. 1-8 ( Magazine and Comic Book):

I don't think this is comparable to stories like House of M or Civil WarBy bilbogetyourgunI don't think this is

comparable to stories like House of M or Civil War, but it definitely wasn't a bad Bendis story. This was the first Marvel book I've decided to pick up since Secret Wars, I expected to be completely lost as from what I'm aware of this is just a "multiverse" and not the regular Marvel U. Surprisingly it didn't really feel that different from a regular Marvel U story, just some new characters that I'm not familiar with, which happens in any story really. Glad I purchased and it was good enough that I read it in one sitting.

IT IS HERE! The Marvel comic event EVERYONE will be talking about. A new Inhuman emerges, with the ability to profile the future, and the ramifications ripple into every corner of the Marvel Universe. Lines are drawn, bodies fall, and the Marvel Universe will be rocked to its very core. COLLECTING: CIVIL WAR II 0-7, FREE COMIC BOOK DAY 2016
