Zeb Wells : Civil War Prelude: New Warriors before purchasing it in order to gauge whether or not it would be worth my time, and all praised Civil War Prelude: New Warriors:

0 of 0 people found the following review helpful. Five Stars By darren albert Great set to civil war 0 of 0 people found the following review helpful. Quirky fun and fantastic art By Scott A Johnson First off, this is not your normal comic. It's quirky, whimsical, and at times, silly. With that said, I loved it's uniqueness. The artwork is absolutely fantastic. It reminded me of the first comic book title I fell in love with: the New Mutants. The character development is

wonderful. Give this title a shot. It's a wonderful break from the other stuff. 3 of 4 people found the following review helpful. The New Warriors' Fateful Television Show By S. H. Wells Collecting: New Warriors (2005) #1-6 Marvel's Civil War event pitted superheroes against each other as pressure to register and recruit into SHIELD each super-powered person reached a head. Heroes fought to remain anonymous while others fought to protect the public in the wake of a catastrophic superhero battle in Stamford, Connecticut that left 600 civilians dead in its wake. That fateful battle involved the New Warriors as they tried to gain high enough ratings to get back on the air. This collection documents the New Warriors' show from its inception to its initial cancellation (or in TV speak its status as a "mid-season replacement with an order of six episodes"). The premise of New Warriors is a superhero team with a twist: their exploits will be filmed for a reality-TV show. It is billed as superheroes for the rest of America, and the New Warriors travel to small towns such as Fairbury, IL and Salina, KS to deal with villains. With frustrating (and funny) results producers and TV executives insert themselves in the process. The team is divided about their status as reality TV stars: Night Thrasher sees it as a necessity, Speedball loves the spotlight, while Namorita and Nova are dubious about the benefits of being on TV, and Microbe's powers don't play well on TV which makes him an outsider. Writer Zeb Wells's script is fast paced and genuinely funny. The SPOTA (Society for the Protection of Television Animals) consultant was particularly amusing! Artist Scottie Young deservedly has gained a considerable following for his cartoon-style panels. This novel works well because it fleshes out the characters who would eventually cause the flashpoint that leads to Marvel's Civil War. After reading this novel, the next step is The Road to Civil War, and then readers will want to pick up the main event collected in Civil War.

It's the return of the New Warriors, drawn by superstar artist Skottie Young (Rocket Raccoon)! When Night Thrasher strikes a mysterious deal with a reality TV producer, the New Warriors move out of New York - and into a very cramped van - to travel across America, help small-town residents deal with the roving villains and superhuman threats that the major super-teams are too busy to tackle! But will the Warriors' filmed exploits be uplifting, or just exploitative? And is heartland America ready for big-city super-heroics? Find out as the Warriors take on Tiger Shark, the Armadillo, the Super-Apes, the Controller, the Mad Thinker's Intellectual Robots and more...and unknowingly set the stage for the superhuman Civil War! COLLECTING: NEW WARRIORS (2005) 1-6
