Nostalgic trip through GI Joe comic historyBy bibliomaniacGreat reprints of the original GI Joe comic books I grew up with. This is the GI Joe I remember vividly, and the remake is done as a quality book with a lasting binding. Of course, the stories are rich with great characters

and no doubt you got to suspend disbelief. But it's good, clean fun and a wonderful, nostalgic trip through comic book history. 0 of 0 people found the following review helpful. AwesomeBy vinceTakes me back to my childhood loved reading them then even more so now. I actually have a lot of these books in my collection but bluetongue fact I want to preserve their value I almost never read them anymore. This is a great alternative plan to buy the whole collection.

Reacquaint yourself with Hawk, Scarlett, Stalker, Rock 'n Roll and the other original Joes, including the popular but enigmatic Snake Eyes. Witness the first daring attempts of the villainous Cobra Commander and his minions to cause havoc around the world, only to have the Joes thwarting them at every turn. Relive your first tours of 'The Pit', G.I. Joe's command center, and Springfield, U.S.A., a quiet suburban town with a dark secret. Also presented here are the first appearances of the October Guard and Kwinn the Eskimo. Writer Larry Hama, the man irrevocably linked to G.I. Joe, guided the team for over 10 years as a writer. He is joined by an array of artists, including Herb Trimpe, Mike Vosburg, and Don Perlin. This action-packed volume collects the classic Marvel Comics G.I. Joe #1 to 10.
