**Clive Barker, Mark Miller : Clive Barkers Hellraiser Vol. 5** before purchasing it in order to gage whether or not it would be worth my time, and all praised Clive Barkers Hellraiser Vol. 5:

A disappointing finale to a comic miniseries that started out so strongBy RBTThe first few trades in BOOM!'s relaunched Hellraiser series were a great revival for a classic horror franchise, but the story took a turn for the preposterous in book four and completely flames out here. The good Hellraiser films (i.e. the first two) were very personal horror stories about families that tore themselves apart long before the Cenobites ever even got to them. The BOOM! series, co-written by Hellraiser creator Clive Barker, started

out small and personal too, but by volume five, you've got the U.S. military facing off against a giant, blue-electric Pinhead threatening all of Earth's citizens, who are watching on live TV. This is not Hellraiser, guys, and just because you CAN take your story anywhere in a comic book doesn't mean you SHOULD. BOOM!'s Hellraiser series continues on in Hellraiser: The Road Below, but I'm bailing out right here. 0 of 0 people found the following review helpful. Five Stars By Jonathan carter Accurate description of product. 0 of 0 people found the following review helpful. Five Stars By Satan GREAT RARE PRINT!

Hell has come home as Clive Barker returns to writing his signature creation! We pick up after the devastating battle between Captain Elliott Spencer and Kirsty Cotton that literally tore a world apart. The fight may have stopped, but there's still no peace. Change is the only constant in the new world of HELLRAISER!
