Haden Blackman, Ryan Kaufman, Justin Lambros, Fillbach Brothers : Clone Wars Adventures. Vol. 4 (Star Wars: Clone Wars Adventures) before purchasing it in order to gage whether or not it would be worth my time, and all praised Clone Wars Adventures. Vol. 4 (Star Wars: Clone Wars Adventures):

0 of 0 people found the following review helpful. Four solid Clone Wars adventuresBy Andrew PruetStar Wars: Clone Wars Adventures is an ongoing series from Dark Horse comics that takes its inspiration from the extremely successful Clone Wars cartoon series. This inspiration is visible in both the short, action-packed nature of the stories as

well as in the art styles itself. Volume Four contains four new stories as follows:1) "Another Fine Mess" - C-3PO and R2-D2 find themselves in one scrape after another in the middle of a Separatist plot to sway the balance on the planet Bri'ahl. It's nice to see the droids partnered up in a more original trilogy-styled adventure, as they are largely kept separate from each other in the prequel films. R2's flying jets, which are mysteriously not in existence in Episodes IV-VI, get yet another major workout in this story. They sure would have been handy on Dagobah!2) "The Brink" - Anakin Skywalker disobeys orders and runs off to rescue Serra Keto, a Jedi in serious trouble on a space station overrun by Separatist machines. Anakin is entertaining in this story, displaying how his extreme skills compensate for his reckless nature. Things end on a funny note, although Padme probably wouldn't be too pleased.3) "Orders" - Aiwha Squad, a crack group of Republic Commandos, rescue young Evan on a planet stuck in the middle of the fighting. We see the clones' fanatic dedication to following orders in all situations, and it seems almost inevitable that this story ends with Order 66. This is a more poignant story than the first two, and Evan's horrified reaction at the end is a quick glimpse of what many in the galaxy will be feeling as the Dark Times begin.4) "Descent" - Presumably set right after Revenge of the Sith, clone troopers are hunting down Wookiees on Kashyyyk. Great action and it's good to see Chewbacca and Tarfful again. Not much changes for the Wookiees during this story; it mostly seems to set up the far worse events coming their way (the Empire's assault on Kashyyyk is part of the excellent Dark Lord: The Rise of Darth Vader by James Luceno). Clone Wars Adventures Volume Four was an enjoyable and fast-paced read. No story stands out for me in particular but all were well done.0 of 0 people found the following review helpful. Continuing the storyBy Dr. KenStar Wars Clone Wars Adventures, Volume 4, consists of 4 stories: "Another Fine Mess", "The Brink", "Orders", and "Descent". All the art is by the Fillbach Brothers except for "Orders", drawn by Rick Lacy. The angular style of Star Wars Clone Wars Adventures, similar to that of Cartoon Network shows such as Samurai Jack, Justice League, and Teen Titans, is part of the appeal of these digest-size volumes. "Orders", written by Ryan Kaufman, is the best story of this volume. It is about a squad of Stormtroopers being human, then reminding us they are clones by 'just following orders'. I recommend collecting the whole series of Star Wars Clone Wars Adventures, published by Dark Horse Comics.0 of 0 people found the following review helpful. Five StarsBy Customerarrived in good condition

Four more tales of hyperkinetic Clone Wars action! As the Clone Wars burn across the galaxy and the true intentions of the Sith are revealed, the true heroes of the conflict emerge. Chewbacca leads the Wookiees against the Republic invaders on the jungle world of Kashyyyk; R2-D2 and C-3PO uncover a plot to assassinate Padme; an orphaned refugee witnesses the rough life of a Clone Trooper firsthand, and Anakin Skywalker fights alongside a young Jedi who will play a part in his descent into the dark side. More stories of harrowing danger and astonishing heroism - all done in the stripped-down, high energy style of the acclaimed Cartoon Network series.

.com Star Wars Clone Wars Adventures, the digest-sized comic styled after the Clone Wars animated series, seems to get better as it goes along. The stories are still quick reading, but volume 4 is more entertaining overall. There's a C-3PO and R2D2 diversion that turns into something more, a solo Anakin adventure, and a clone troopers mission that for the first time delves into the timeline of Revenge of the Sith by the activation of Order 66. That's followed by a battle on Kashyyyk between the Wookiees and the outmatched troopers. The Fillbach Brothers again contribute art (and also wrote the first story), aided by writers Justin Lambros, Ryan Kaufman, and Hayden Blackman and artist Rick Lacy. --David Horiuchi
