I've been reading the VHD books for years, and Amano's illustrations have always been a huge highlight for me, so I was super excited to read the other reviews at this price. It definitely did not disappoint!This book is HUGE, and once you open it you won't be able to stop turning the pages until you run out. The details and colours are amazing. The covers of the books do not do the full illustrations justice! I liked the little notes at the end by both Hideyuki Kikuchi and Yoshitaka Amano as well. I'd recommend this for even just a casual Amano or VHD fan.2 of 2 people found the following review helpful. OMFG!By Dark BloodIf you are a fan of Vampire Hunter D, if you appreciate good illustrations or have knack for art, if enjoy the gothic... then this book is for you. Being honest, I thin if you enjoy any of the things I just mentioned you will love this book. Amano is a wonderful artist and his execution tend to have a dark air, yo will realize if you check out other works of his.It is beautiful: the artwork is amazing and it is given all the space it needs and the case if cool although not very resistant.2 of 2 people found the following review helpful. Breathtaking art book.By VladWow this book is a fan's dream come true! HUGE high quality prints, amazing color reproduction and very detailed print job. This is T\_H\_E Yoshitaka Amano artbook to own (and i own about a dozen!).In fact, the book is so well done that i actually want to buy a second one used or something to gut it and frame some of the prints - they are that amazing, find affordable well reproduced Amano prints can be very hard.A++
