**Troy Hickman : Common Grounds Volume 1 (2nd Printing) (v. 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Common Grounds Volume 1 (2nd Printing) (v. 1):

0 of 0 people found the following review helpful. A must readBy David FoxA collection of short stories, centered around a chain of donut and coffee shops, Common Grounds shows what happens when heroes and villains put their animosity aside for the sake of food. While there is some action, it's really more of a slice-of-life series, dealing with

everything from fat heroes, to down-on-their-luck supers, to the downside of being a super. The art varies (many different artists worked on this series), but the individual artstyles suit the stories they tell. Well worth the price, and the time spent reading it. 0 of 0 people found the following review helpful. Combines what we love about comic books and short stories  
By Brian McLaughlin  
This collection of thirteen creative superhero short tales is very fun and entertaining. Each story gives a peek behind the curtain to see superheroes and supervillians as people with personal lives. Whether it's aging, gaining weight, being misunderstood, becoming running into old friends (or foes), or just needing some toilet paper, the reader can relate to what the superfolks are experiencing. Very enjoyable and worth adding to your library. 0 of 0 people found the following review helpful. Brilliant!  
By Patrick Thomas  
Bar style collection that's instead set in a coffee house chain for superheroes. Great stories more about real life and people that the tradition comic story in the same vein as Astro City and every bit as good. Maybe even better. Simply put, one of the best trades I've read in ages. Can't recommend it highly enough.

You've read the five-star reviews, now read the book! Writer Troy Hickman (City Of Heroes) welcomes you to Common Grounds, a chain of doughnut and coffee shops where both heroes and villains kick back in their off-hours. Hickman delivers a total of 13 tales of triumph and tragedy putting a true-to-life view on archetypes. The stories are lavishly illustrated by a galaxy of star artists, including George Perez (JLA/Avengers), Sam Kieth (The Maxx), Dan Jurgens (52) and Chris Bachalo (Ultimate X-Men)!
