By R. Prine  
I really enjoy these stories as they follow the early years of Conan. The artwork is first rate and make it easy to follow the storylines. I'm looking forward to the third omnibus. If it's anything similar to the previous two works then I'm in for a real treat. I hope they will continue in the future as we follow Conan as he matures.

Reviewer from TerraFor me the Roy Thomas run on Conan will always reign supreme. These are good, but most aren't great. The art is good, but I'd really love to see Tony Harris do a Conan.
