**Kurt Busiek : Conan Vol. 3: The Tower of the Elephant and Other Stories** before purchasing it in order to gage whether or not it would be worth my time, and all praised Conan Vol. 3: The Tower of the Elephant and Other Stories:

0 of 0 people found the following review helpful. Amazing! By ChongoWow! Not unlike the two previous volumes, this new Conan series is a real treasure of art. Cary Nord's rich fluid line work gracefully captures this long running characters world with otherworldly visuals where he really creates a haunting beautiful new dark age. Cary Nord along

with comic scribe Kurt Busiek further extend The Conan universe once devised by graphic fiction architects like Frank Frazetta, Roy Thomas, John Buscema, Barry Windsor Smith. Kurt Busiek does an outstanding job in adapting Robert E. Howard's stories for the comic book format thankfully Darkhorse has taken the reigns on this series with serious precision, so far it doesn't let down. Conan's a real winner in terms of smart intriguing storytelling with equally stunning art thus proving to be the perfect alternative to the numerous Marvel DC titles out there every month (or week). Great stuff within these pages.0 of 0 people found the following review helpful. Swords, Blood, Babes...What more could you want?!By Ethan duffyStill deciding between this and God in The Bowl for my favorite of the Dark Horse Conan Volumes. This is Conan at his best, and finally we get our adaptation of Tower of the Elephant and Busiek and Nord don't dissapoint! Cary Nord's art has such kinetic energy, the battle scenes are amazing. Absolutley a must have for the die hard and casual fan alike!0 of 0 people found the following review helpful. Conan the ThiefBy Solemn FolliesThis volume of the new Conan series had been my favorite thus far as I am a fan of Conan as a thieving rogue. I was always intrigued by the idea of a hulking muscled barbarian thief running across roof tops and those were always my favorite tales of Conan when I was young. It was a lot of fun to see a modern retooling of the character, especially with the outstanding artwork. The more volumes of this I read the more I love the surly cimmerician all over again.

Eisner award-winning writer Kurt Busiek (JLA/Avengers, Astro City), Eisner award-nominated artist Cary Nord (Daredevil), and Eisner award-winning color artist Dave Stewart (Ultimate Fantastic Four; DC: The New Frontier) continue their groundbreaking run on Dark Horse's best-selling Conan series with an adaptation of one of Robert E. Howard's greatest Conan tales, "The Tower of the Elephant"!Fed up with both civilization and mysticism, Conan travels to the infamous City of Thieves to take out his frustrations. When a bar fight uncovers the legend of the impregnable Tower of the Elephant, he becomes determined to rob it, setting out on a quest unlike any he's undertaken-one that will involve new comrades, sudden death, horrifying creatures, and gruesome unsettling fates for both gods and men. Busiek and Nord-with a special appearance by legendary illustrator Michael Wm. Kaluta (Books of Magic, Lucifer)-chronicle a seminal adventure in Conan's life. Collecting Conan #0, #16-17, #19-22. The hardcover edition is exclusive to Direct Market and will be printed to order.
