Paul Chadwick : Concrete Volume 2: Heights: Classic Concrete Stories from the Slopes of Everest to the Fields of a Family Farm (Vol. 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Concrete Volume 2: Heights: Classic Concrete Stories from the Slopes of Everest to the Fields of a Family

Farm (Vol. 2):

Big as a boulder and strong as an ox, he's Concrete, seven-feet plus of stony celebrity. That he's a government-created cyborg is the cover story, but in truth he's the mind of one Ronald Lithgow trapped inside a rocky shell of alien origin. Possessing of powers allowing him to scale the highest mountain unaided or peel back the roof of a car like a pull tab, he is yet denied the simple human pleasures of fragile flesh. The return of Paul Chadwick's award-winning Concrete has ushered in a resurgence of interest in the acclaimed series that Harlan Ellison called ". . . [P]robably the best comic being published today by anyone, anywhere."
