By Shawn Winigman I picked up the companion books to the Convergence event to hopefully learn more about the upcoming DC titles that will spin out of the event. What I got was more in line with a book similar to DC vs. Marvel. Each story is told in two issues. The first issue traditionally giving a quick view of how the main character(s) are coping with the dome, followed by the second issue where combat occurs between the main character(s) and character(s) from other timelines/cities from other domes. Each book has followed a formula that has been relatively consistent.

- 1) Main character(s) seen 1 year into living under the dome, functioning without powers.
- 2) Entity that captured character(s) spends multiple panels giving a speech (identical to speech in Convergence when domes lifted).
- 3) Main character(s) (traditionally) questions morality of destroying another city to preserve theirs.
- 4) Other city attacks main character(s).
- 5) Either the fight stops opting to be friends or someone is defeated leaving the main character(s) city ok.

The one part I like about these books is seeing old characters or fringe characters again that haven't been seen in decades. I just wish they weren't so predictable and really gave us better background or development of the characters (there is a section in the end that gives a small explanation of the main character(s)).

A CONVERGENCE tie-in graphic novel! Once, there were infinite Earths. Then there came a Crisis Zero Hour Flashpoint. Worlds lived. Worlds died. But some worlds must now fight for their future in the Convergence! Now, after a year, the domes will come down and the heroes and villains of 50 dead worlds must battle to be the last one standing! In this volume: **BATMAN AND THE OUTSIDERS**: The Dark Knight and his army of allies face the rage of the One Man Army Corps, OMAC! **THE ADVENTURES OF SUPERMAN**: The Man of Steel and his mighty cousin Supergirl combat the criminals of the Phantom Zone and the sentient apes from the world of Kamandi, the Last Boy on Earth! **SUPERBOY AND THE LEGION OF SUPER-HEROES**: Stranded in the future, young Kal-El and his high-flying friends must save Metropolis from the invasion of the Atomic Knights! **GREEN LANTERN CORPS**: Hal Jordan, John Stewart and Guy Gardner must overcome their differences to defeat the mad gods of the Great Disaster! **HAWKMAN**: Katar Hol and Hawkwoman soar into battle against some of Kamandi's deadliest foes!
