Jay Faerber : Copperhead, Vol. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Copperhead, Vol. 2:

2 of 2 people found the following review helpful. Copperhead comes into its ownBy Sarah + ToreyWhile Vol. 1 was great, it was, at the end of the day, an introduction. Things were set up, and the necessary steps were taken to bring you into the world and establish the characters. Vol. 2 feels like the story the creators set out to tell. A nice flow is present throughout the entire arc, and storytelling is balanced with action.This volume is a perfect example of why I

read comics now. I miss the Saturday morning cartoons of the 80s/90s, and have always craved something comparable, that is geared towards an older audience. Cooperhead Vol. 2 definitely fills that niche.0 of 0 people found the following review helpful. Another great Copperhead volumeBy Chris DaleyOne of my favorite finds from the last year, Copperhead Vol 2 keeps the streak alive from Vol 1. Great characters, fun setting, real stories matched with accessible but oftentimes surprising art. Great read and a wonderful gift for anyone who likes Firefly, sci-fi, or action comics.0 of 0 people found the following review helpful. Good series, the relationships in the story are quirky ...By D B AylerGood series, the relationships in the story are quirky but they grow with stressful times. This is a goodhearted, fun series that I will read time and again; certainly an interesting addition to my graphic novel collection (now expanding into my fifth file case).

Clara Bronson is starting to settle in as the new Sheriff of Copperhead, a gritty mining town on a backwater planet. But her simple date with the local schoolteacher quickly turns into a violent confrontation with a gang of outlaws looking for revenge.
