I was not the slightest bit disappointed.0 of 1 people found the following review helpful. a great artist. -By Hugo CovasMarch, a great artist.-2 of 5 people found the following review helpful. Misleading title and synopsisBy Brent A. ThaleI was a little disappointed with this book. The back synopsis specifically refers to well-known comic properties like Catwoman, but that isn't really what this book is about. There is a grand total of one Catwoman drawing in the entire book, so promoting this artist's book as some kind of DC Comics extravaganza is very misleading.Most of the art seems to come from advertising projects and European comics that I'm not familiar with, that combined with the art style just isn't my thing.

This volume collects some of the best covers and other artwork from rising star Guillem March (Gotham City Sirens, Catwoman). More than one-hundred, full-color images featuring the sexiest girls from his stunning work for Eros Magazine and Playboy Spain, never seen in U.S., plus much unpublished art.
