Rick Remender : Crawlspace Omnibus before purchasing it in order to gage whether or not it would be worth my time, and all praised Crawlspace Omnibus:

Its certainly worth what I paid for it. I have not read it yet and I will do a review after I do.3 of 7 people found the following review helpful. Worth the \$\$\$By Joeface1First off this book is huge !! Night Mary-Great! Sorrow-Great! XXXZombies-Great! Creatures-weak! Only

had it for two days now and about to start Sea of Red. 35 bucks for 100 oversized pages of zombies and horror? Definitely impressed. Rick Remender even favorited my praise on this book! I LOVE the walking dead comics and this just as good and thrilling. Tony Moore also did the work on some of these stories. He also did the first 24 issues of TWD.

Collecting all of writer Rick Remender's horror work in one oversized hardcover, stunningly illustrated in ghoulishly grindhouse dread by horror superstars Kieron Dwyer, Francesco Francavilla, Tony Moore, Salgood Sam, and Paul Harmon.
