**Sammy Harkham : Crickets #1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Crickets #1:

With Crickets, Sammy Harkham begins a new regular comic book series with D+Q. This debut issue features Black Death, a new ongoing serial about a man shot full of arrows who is curiously not dead. With this first chapter, he finds himself lost in the woods, and becomes bound to a mysterious Golem. Together they encounter a father and son engaged in a grim task. Sammy Harkham is one of the most exciting new talents to have emerged in recent years, listed among "L.A.'s hottest names in comics" by the L.A. Times, as well as one of Utne's "comic book artists to watch out for." Crickets is being published simultaneously in several languages.
