If you know Brubaker, and you like Brubaker, get this, 'cause you'll love it. However, if you're hesitant at all, knowing that some graphic novel bindings are sloppy at best, then fear no more. This book is wonderfully bound. Each page has perfectly measured margins, and each page opens fully and lays flat,

revealing the entire page. It's heavy, sturdy, and I'm pretty sure it'll stop a bullet. Good binding can be hard to find, and it must be appreciated that Brubaker and Phillips have signed off on a wonderful compilation that is carefully assembled, and not just a money grab.0 of 0 people found the following review helpful. Let he who is without sin...By Bobby NashI can't say enough good things about Eb Brubaker and Sean Phillips' Criminal series. It is absolutely fantastic crime fiction and Vol. 2: The Sinners is no exception. This volume introduces us to Tracy Lawless, one of my favorite characters of the series. Highly recommended.0 of 0 people found the following review helpful. Got the item pictured, but not the item described...By Oran ScottGot the item pictured, but not the item described.I wanted "Criminal" Vol 1-3 as was written in the description. Criminal Vol 4 that is pictured came instead. Since i was buying this on a recommendation of a friend I had no idea what the cover looked like and I just went with the description the seller made that was very incorrect, figured it out when I received it. Bummer...wanted to start reading this series. Will have to find 1-3 from another seller now.

Tracy Lawless returns with a vengeance in this strikingly-designed new edition from Image! Tracy Lawless is still a man caught between a history of violence and his own conscience. And now the worst bad guy in the world is tasked with a new job: solving a series of murders of untouchable crime lords.
