This one is similar to the one that came with the DVD A Taste of Boy Boy. Everything is pretty much the same as the Kitty release, but the back cover is different and so are some of the ads. The story remains the same. Looking forward to seeing if there are any differences in the second one. I miss the back cover of the Kitty version, along with the description it gives of the story. Vald is still the cute niece one and Havi is his worthy lover and keeper. It is great for vampire lovers and for those who love juicy boy on boy action. Not to mention

some plant on boy action as well. Poor Vald. A great read and story. Fortunately it is in English. There are more to come, the second, third, fourth and fifth aren't out yet, but can be preordered. I hope this is still the case. The originals are harder to come by, but if you don't mind German well.... It would be worth learning. ;) Still this is a must for vampire fans. The second is juicy as well and poor Vald gets a good snaking, this the Kitty release, the Sublime one isn't out yet. 0 of 0 people found the following review helpful. Excellent unique fantasy story By Tristan A. Hayes It is a good and unique yaoi manga set in the fantasy world setting with actually good magicks spanning summon skills, time stop abilities, and curses. With great magicians, swordsman, and transforming creatures it is off to a powerful and fun filled start. The moments with Vald in his demon form giving in to being pleased constantly makes for good moments to advance feelings and bring a bit of a short break to the curse action (though it is a result of the curse). I hope the wrong is long for this as it's a page turner. The extra story is quite memorable and glad she had fun just drawing what she wanted as stated by the afterward. The scene was additionally enhanced by having the characters comment about the plant pleasuring him with the tentacles and kind of avoiding it but then giving Halvir a chance to have some time with Vald too. 0 of 0 people found the following review helpful. Good lord Ayano you are a freakin genius By meagan Good lord Ayano you are a freakin genius! Who would think to mix yaoi with fantasy? Yaoi+Fantasy=Erotic Fantasy. Just wow. My friend told me about this series and when I read it I instantly fell in love. The story is simple enough the humor is great and the yaoi scenes are *cough cough* o///o. This mangaka does another well-known series called Finder. Or in most cases "my love prize in viewfinder".

Upon wielding an ancient sword that has been passed down through his royal family for generations, Prince Vald is struck by a curse that turns him into a demon! In search of guidance, Vald appeals to the powerful sorcerer Halvi for help, and the two set out on a journey to break the curse. However, there is one thing the handsome sorcerer is keeping secret from the young prince: the raging demon that Vald turns into every night can only be calmed when Halvi satisfies his lust! And so begins their epic journey in search of clues to break the young prince's curse. Reads R to L (Japanese Style) for mature audiences.
