Alan Moore : Crossed +100 Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Crossed +100 Volume 1:

2 of 2 people found the following review helpful. Pretty sweet.By Anthony O'MaryGreat change up. Handles the true post apocalypse (AFTER apocalypse) world really well. Been reading Crossed for about 4 years and this arc might be

right under my favorite, WYWH, for me. Excited for the future of the Crossed series. The broken remnants of the English language is innovative and a really interesting detail of this arc. Although admittedly frustrating at times, I wouldn't change it given the opportunity because it's so loyal to this world they have created. Great job guys!0 of 0 people found the following review helpful. Five StarsBy Jesse RayCool take on original Crossed series.1 of 1 people found the following review helpful. Five StarsBy CustomerGreat!

Alan Moore, the man who revolutionized comics, returns to tell a horrifying tale in the world of Garth Ennis' grueling survival horror series, Crossed! Set 100 years in the future, Alan Moore has created a whole new world and history with stunning attention to detail. Examining how civilizations rebuild and how generations grow, Moore weaves a rich tapestry of humanity evolving under extreme hardship, all of which is lushly rendered by Gabriel (Ferals) Andrade. Archivist Future Taylor leads a salvage team working to rebuild the historical record of the original Crossed outbreak. She's seen them in videos, but never any live ones the Crossed are part of the distant past. Until suddenly, a handful appear, and the blood begins to flow. But, all is not as it seems as a horrific mystery unfolds and once again Alan Moore redefines the medium. This masterwork is a self-contained whole new world, no prior knowledge of the Crossed series is needed. Crossed +100 Volume 1 contains the full first story arc originally presented in issues #1-6 of the comic book series.
