Garth Ennis : Crossed, Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Crossed, Vol. 1:

1 of 1 people found the following review helpful. A nice alternative to the "zombie apocalypse" genre by giving a ...By Jonathan S. ChuaA nice alternative to the "zombie apocalypse" genre by giving a twist and focusing on a group of survivors and how they have to cope with the Crossed outbreak. The nice thing about the series is that each volume

takes on a different author and artist and focuses on a different set of survivors so it feels fresh. There is a copious amount of sexual violence but in this volume it's not as graphic or frequent as later volumes and isn't a focus of the characters or the story. For those worrying about the price, it's worth it - this book is easily at least twice the size of other graphic novels available. 2 of 2 people found the following review helpful. Great comic of really messed up mature content! By black flame restoration Exactly what I was looking for. A dark, mature, and really twisted comic. Had me feeling disturbed and somehow even violated at times. It's written interestingly and well. There is interesting drama between characters that cause you to love and hate characters which makes you more invested or intrigued in the story. Lots of messed up things going on. Good shock factor. Would recommend to those looking for something really messed up, filled with mature content such as, gore and sexual material as well as disturbing images and situations. 1 of 1 people found the following review helpful. Love this. By Modern Fossil Garth Ennis hits another one out of the park. I have to warn you though, there's some gore. But it's not senseless violence for the sake of commercialization only. This story will make you think about a lot of things and even better, question your own motivations and values.

Imagine, for a moment, the worst crimes against humanity. Picture the cruelest affronts to decency. Conjure your darkest nightmares... and then realize it could all be so much worse. When civilization crumbles in one terrifying moment; when people are gleefully breaking into unthinkable acts of violence all around you; when everyone you love has died screaming in agony: What do you do? There is no help. There is no hope. There is no escape. There are only the Crossed. Garth Ennis has pulled out all the stops to write the most depraved and twisted book of his career, one that also may be his most poignant human drama! Crossed is Ennis' horrifically visceral exploration of the pure evil that humans are truly capable of indulging and collected here are all ten heart-stopping chapters. This gut-wrenching vision is brought to vivid (and more than a little disturbing) life by his partner in crime Jacen Burrows.

About the Author Garth Ennis, a critically acclaimed writer from Northern Ireland, has been working in the comic book industry for over 20 years, and is most easily recognized as the creator of Preacher, and long-time contributor to Marvel's Punisher. Perhaps his greatest success in recent years has been CROSSED, a horror survival series published by Avatar Press, in which the world has been overrun by sadistic homicidal maniacs. The CROSSED property has been optioned for film by Kevin Spacey's Trigger Street Productions. Other Avatar publications by Ennis include STREETS OF GLORY, CHRONICLES OF WORMWOOD, and 303.
