Marc Silvestri : Cyber Force: Rebirth Volume 2 (Cyber Force Rebirth Tp) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cyber Force: Rebirth Volume 2 (Cyber Force Rebirth Tp):

Art quality dropped by a lot.By Grumpy CattermanI enjoyed volume 1 of Cyber Force Rebirth, and so as I was at Free Comic Book day I saw this on the shelf and just snagged it without even opening it up. A great cover on the front, same name... I didn't think about the artist changing. Bait and switch has

been a problem in comics for a long time. The art isn't awful and it picks back up toward the end but the first few chapters are rushed, mediocre, and just lacking the flare I enjoyed in volume 1.

Cyber Data has created a killing machine that not even they can control. Killjoy has been let loose on the world and nothing will stand in her way as she seeks revenge against her old adversary Ripclaw. Cyber Data has been exposed and Stryker, Velocity, and the others have one, last shot at survival. As it turns out, CDI isn't the only power out to destroy the world.
