A Dark and twisted tale.By LightningCometMudock and Chung AKA Daredevil and Blindspot have a new nightmare to deal with: a mural painted from the blood of over a hundred people. The quest to find the killer/artist puts them in more danger than ever before.1 of 1 people found the following

This book is greatBy NI love Daredevil, but before this, Soule's run was very mediocre. This story is absolutely fantastic though. The art is excellent, the pacing and characterization are great, and the overall plot is extremely interesting. I seriously hope that this story is the start of a chain of books that are as great as the Bendis/Maleev run.

Losing a big case has landed A.D.A. Matt Murdock in hot water with the city, leaving him less time to clean up the streets as Daredevil. But as his protg BLINDSPOT tries to pick up the slack, the young hero might be in over his head when he stumbles upon a horrific crime scene - one that will terrify even The Man Without Fear.
