Brian Michael Bendis : Daredevil by Brian Michael Bendis Alex Maleev Ultimate Collection - Book 3 before purchasing it in order to gage whether or not it would be worth my time, and all praised Daredevil by Brian Michael Bendis Alex Maleev Ultimate Collection - Book 3:

2 of 2 people found the following review helpful. Great story. It includes the stuff the notes leave out. By CustomerThe

other reviews say everything that needs saying about the story and art. BUT... The store notes are wrong. The actual content includes: Daredevil 66-81 (the correct 81 unlike what other people reported) What if Karen Page had lived? Ultimate Marvel Team-up 6-8. (These are set in the ultimate universe) I really enjoyed them but I am familiar with ultimate Spidey so I wasn't confused by them. I don't know how they would seem to someone who wasn't. I also liked the what if. If you look at the first page it says these are included so I don't think that calling these "bonus" content is accurate. But I WISH that would fix the description! :-P I don't exactly want to complain though. They usually seem to be wrong by claiming to include content that isn't there. 1 of 1 people found the following review helpful.

Great Third Act, But Cut Somewhat Short
By David Smith
Bendis and Maleev's run on Daredevil was nothing short of spectacular. The amount of consistency and detail that went into this venture, both in visual and character design, is impressive for an ongoing comic serial. Yet, I couldn't help but feel that this "third act" was cut short. Matt Murdock answers for his actions in the most practical way possible. I should have felt more poetry in this than I did, but the abrupt conclusion left me wanting more. So... off to the Brubaker series I went. Taken alone, this volume makes little sense. But in the grand character arc of our modern Man Without Fear, it stands as a triumph for the medium (small complaints aside). 0 of 0 people found the following review helpful. Must read, must buy.
By MrChamberlain
Simply some of the best DD ever written. This is right up there with Frank Miller's work. This is a must read for any DD fan and a good place to start (book 1 obviously) for any new DD readers.

During a character-defining run, Brian Michael Bendis crafted a pulp-fiction narrative that exploited the Man Without Fear's rich tapestry of characters and psychodrama, and resolved them in an incredibly nuanced, modern approach. Now, this Eisner award-winning run is collected across three titanic trade paperbacks! In this volume, the revelations come fast and furious! Who was the Kingpin before the Kingpin? What was his relationship to Matt Murdock? And exactly what happened during Daredevil's year-long reign as the new Kingpin? Plus: Bendis and Maleev's run comes to a blistering conclusion! First, they outed Daredevil in the press, then they married him and made him the Kingpin of Hell's Kitchen. What could they possibly do to top that? Four words: WILSON FISK IS BACK! COLLECTING: Daredevil #66-81, What If Karen Page Had Lived?, Ultimate Marvel Team-Up #6-8
