Frank Miller, Roger McKenzie : DAREDEVIL BY FRANK MILLER KLAUS JANSON VOL. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised DAREDEVIL BY FRANK MILLER KLAUS JANSON VOL. 2:

1 of 1 people found the following review helpful. One of the best comics from the 80sBy J SmithThis is the epitome of 80s dark age comics. The writing and art do a great job of depicting a gritty and almost surreal sense of 1980s Marvel New York. In many ways, this collection is better than The Dark Knight Returns, which Miller wrote at about the

same time as he was working on this. One other thing to point out: this book is "dark" and "gritty", but it does not rely on a completely greyed out color palette to convey that. Zach Snyder (who directed the recent Man of Steel) might want to take a look and take a hint. 0 of 0 people found the following review helpful. Five Stars By Jonathan carter
Accurate description of product. 5 of 6 people found the following review helpful. Classic. By Matthew S. Webster
Frank Miller. Back in the day, When someone spoke his name, you instantly thought "That man knows how to write." And this is proof. Before he wrote "Batman: The Dark Knight Returns" and "Batman: Year One" (both of which I highly recommend if you like Batman) and re-defined that classic character, he recreated the Man Without Fear. In Daredevil: Vol 2, you will read some of the best Daredevil comics that have been published. Frank Miller Brings the character to a place no one had previously achieved. He made him cool. And bad to the bone. In this collection, you can see why he is called the man without fear. This is a wonderful read if you are a fan of daredevil or of just comics in general. These are truly Classic. And for the price (which on .com is about \$10.00 cheaper than a bookstore) you can't beat it. Especially since these single issues in your local comic shop (if you even have one) would probably go for that price alone. So long story short--Buy this. Read it. And enjoy it.

Mixing traditional super-heroics with mysterious martial aristry, doomed romance, and dark personal drama, Miller's character-defining Daredevil run is collected across three titanic trade paperbacks!
