The force awakens plot By anthony laino I love the fact no one realizes that Jaina solo Jacen solo and anakin solo are all in this set and that this set represents most of the plot of the new movie the force awakens and that is without a doubt. If you are lucky enough to act on buying any of these Dark Empire II series of 1-6 before December 16 you will have a great investment. I have been buying these up for 1 year

and in a few days they will be worth a small fortune good luck.0 of 0 people found the following review helpful.
