following review helpful. Keeps you coming back for moreBy WarixeweiStephen King's Dark Tower series leads you from one adventure to another which each book. You really get to know the characters and their story as you go along. I love it almost as much as The Stand, I couldn't put that book down either!!0 of 0 people found the following review helpful. Not like the movie at all.By Onion OkrayThis is a really good start of a series. Picked it up after I saw the movie, which has nothing to do with the book, so far. The 2nd book is also very riveting and has a plot that just keeps moving right along. Very cool concept.

Near death from an attack by Slow Mutants, Roland Deschain is taken in by a group of Sisters who specialize in anything but the healing arts. These hideous, corpse-like creatures known as the Little Sisters of Eluria have murder on their twisted minds. And in his current, wounded condition, there's almost nothing the last gunslinger can do to prevent their tender mercies from taking hold. It's the beginning of a new Dark Tower story arc featuring the fine pencils of Luke Ross, whose work on this story will astound you!
