Stephen King, Peter David, Robin Furth, Richard Isanove : Dark Tower: The Long Road Home before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dark Tower: The Long Road Home:

0 of 0 people found the following review helpful. Not quite as good as the first one but still very engaging. By Karissa Eckert This is the 2nd book in the Dark Tower graphic novel series. There are a total of eleven books in this series. I

didn't like this book quite as much as the first book, but still really enjoyed the illustration throughout. Roland, Cuthbert, and Alain are fleeing the Big Coffin Hunters in an effort to get home in one piece. However when Roland's mind gets taken over by the big grapefruit-like globe that they stole from the Coffin Hunters he goes on a strange metaphysical journey of sorts. Meanwhile while Roland is off in lala land the rest of the ka-tet is struggling to escape from both the Big Coffin Hunters and other strange beasts. Additionally we follow Sheemie's story as he gets a bit lost and undergoes horrible torture to gain great power. This book was a bit more scattered than the first one. We alternate between Roland, Sheemie, and Cuthbert/Alain. While some interesting things happen in this book I missed Roland and would have liked to see more of him in this story. We do get to meet the Crimson King which was intriguing (and kind of disturbing). This almost seemed like a transitional volume; like it was setting up things for the next part of the story. However, after the first book the story in *The Long Road Home* seemed a bit anti-climatic. I continue to really enjoy the illustration throughout. I love colors and the detail in the illustration. Overall I enjoyed this second installment in the Dark Tower graphic novel series. The whole thing has this very fantasy post-apocalyptic western feel to it that I really enjoyed. I do think that this installment was a bit weaker than the first one. I would definitely recommend this graphic novel series to those who enjoy gritty fantasies.

0 of 0 people found the following review helpful. I kennitBy Michael D Riggs This is a great book and a must for any reader of TDT books or lover of graphic novels. There are many other graphic novels in the series. I used Prime to purchase this one and paid more than some third party sellers advertised. But I got it in less than 3 days so it was worth it. I purchased the next two books through 3rd party sellers and they didn't take extremely long to ship. Bargainbooks was one and the price was excellent. The artwork is amazing and I love the new content. After reading the last King dark tower novel I hungered for more and the comics filled my gullet. I hear there are plans for more in the future and maybe even a movie. So to Mr King and Marvel I say thankee sai. Long days and pleasant nights to you

0 of 0 people found the following review helpful. A small let down, but otherwise solidBy Lindsay McPaul-Oden This is the first "Dark Tower" book that didn't meet my expectations. Vol 1 of this series was excellent and the writers really nailed Stephen King's voice. But in this second volume, they seem to have strayed from the path a bit, especially in terms of dialogue. However, the art in this volume is top notch and I very much enjoyed some of the larger panels.

It's the return of the best-selling comic book series, inspired by Stephen King's epic *The Dark Tower*! Gunslinger Roland Deschain has seen the death of his lover Susan Delgado. And the Big Coffin Hunters who burned her at the stake are now in pursuit of Roland and his ka-tet Cuthbert and Alain. The friends are forced to flee into the desert with the deadly posse in hot pursuit... and Roland is in a coma! Don't miss the next chapter in the saga of the Gunslinger whose quest for the Dark Tower will shake the foundation of reality itself! Collects *Dark Tower: The Long Road Home* #1-5.
