Paul Chadwick : Darklighter (Star Wars: Empire, Vol. 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Darklighter (Star Wars: Empire, Vol. 2):

0 of 0 people found the following review helpful. Five StarsBy NatalieThis is a great comic book, I love all of the stories held within.0 of 2 people found the following review helpful. GREAT comic, BAD formatting on original Kindle FireBy NolanI would give Darklighter 5 stars as a comic, but overall I have to give the Kindle Edition 3 stars because has not corrected certain issues. I have the original Kindle Fire and certain panels on the digital comic do not appear (they show up as blank, white space). The panels that appear blank are usually at the bottom left or bottom

right of the page. The only way to read these panels correctly is by zooming out to view the entire comic page, which is difficult because it makes everything smaller -- both the artwork and text. I would have thought that 's formatters would have caught so many mistakes, as it happens throughout the graphic novel. I hope this review encourages to correct the situation. 1 of 2 people found the following review helpful. Good book. By BubblesMy Husband actually likes these books and he is 40. He is a big fan of Star Wars (not to the point of collecting SW items) and likes to read most of the spin offs. He said that these books are written pretty good.

Before Luke Skywalker, the Rebel Alliance had another hero: Biggs Darklighter. For the first time, the full story of Luke's boyhood friend is revealed; from his departure from Tatooine to attend the Imperial Academy, to his decision to lead a mutiny against the Empire and join the Rebellion, to the fateful attack on the Death Star.
