Pros - Great artwork, easy to read as lettering is large ...By Brian SchrammPros - Great artwork, easy to read as lettering is large and each character has a full page entry. Good for a really basic introduction of the main DC comic book characters.Cons - Limited number of characters. I bought the Marvel Encyclopedia for a couple dollars more and it has twice the pages and lists hundreds of more entries.The print is smaller and puts more characters per page with much more detail in the Marvel Encyclopedia but I would prefer more information and less picture.0 of 0 people found the following review helpful. Will inspire breaks from screen timeBy LBMMy 9-yr-old nephew really liked it! The colors are vibrant and the book is made with high-quality materials. The information about each character is informative without being overwhelming for a young DC Comics fan.0 of 0 people found the following review helpful.
