3 of 3 people found the following review helpful. What a great book!!!!!!!!!!!! WOW!By JP FishA great blend of two of comic-dom's most powerful franchises . The story is fast paced and yet suspenseful with perfect art. And even a peak at some Predators as a bonus! A natural blend of the story arcs. What a great movie this would make! All I can say is "Let's do it again"!!!!!!!!!!!!0 of 0 people found the following review helpful. Great Rao!By J SamsThe superman/Batman

portion was horribly written, but the rest was OK. The Dark horse stuff seems over priced for what you get. 0 of 0 people found the following review helpful. My husband was very happy to have received this. By Jessica Winger. My husband was very happy to have received this, being a fan of both of batman and aliens. It came in perfect condition!

Thirty years ago, James Camerons Aliens introduced the world to a new kind of terror. Now, the stories that first brought the Aliens into the DC Universe are back in a horrifying collection! Following the trail of a missing person from Gotham City, Batman travels to the Amazon jungle where he first discovers the horror of the Aliens but how can the Dark Knight stop them? A few years later, an Alien is discovered in a Gotham City construction site, and it's going to wreak havoc on Arkham Asylum! Thinking the terrifying menace gone, Batman discovers a colony of the relentless killing machines and the unstoppable race of hunters called Predators that have been hidden away on Earth for centuries. With both unearthly menaces poised to overtake the world, only the Dark Knight and Superman can stop them! Finally, the Alien terrors are aboard the Stormwatch space station, and it's up to the WildC.A.T.s to save the survivors, but can even the WildC.A.T.s win a battle with the Aliens when Stormwatch has already fallen? Collects BATMAN/ALIENS #1-2, BATMAN/ALIENS II #1-3, SUPERMAN/BATMAN VS. ALIENS/PREDATOR #1-2, WILDC.A.T.S./ALIENS #1.
