appropriate, and the content was engaging and fun. I am really happy with this comic book. There are so many options out there, but not very many that are appropriate for young children. I am very excited about this and plan to order more from this series. 9 of 9 people found the following review helpful. My almost 5 year old LOVES her first comic book. By Stubborn Brunette This is my daughter's first 'comic book' and she couldn't have been more excited when we opened the box. The illustrations are great and the words are easy to read. We've seen the dolls in the store and she instantly fell in love despite not knowing the story behind them. It's clever to see the girls in a high school setting working together in a world very different than the adult version of the characters. I look forward to getting more of these for her as they are released. 17 of 18 people found the following review helpful. Fun Story. By Sarah B. I am a 28 year old comic book fan. I wish I had a book like this to read twenty years ago. I know that I am not the target audience for this product but I still enjoyed it very much. The art is great. The story is fun. There's a bit of a mystery to solve (which I always loved as a child). Each of the main DC Superhero Girls (Wonder Woman, Supergirl, Bumblebee, Katana, Poison Ivy, Batgirl, and Harley Quinn) get their own chapter. Each girl has a distinct personality and it is easy to find at least one character to identify with. I would definitely recommend this for any young superhero fan (or those who are young at heart).
