**Justin Jordan : Dead Body Road** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dead Body Road:

1 of 4 people found the following review helpful. Five Stars By David A. Reifsnnyder Good Graphic Novel 0 of 0 people found the following review helpful. What did I just read? By Frank Schorr One of the worse comic books I've read. Just so cliché and idiotic derivative crap. The dialogue was composed by what seems like a 14 year old child. No characters seem remotely interesting. I picked it up because I thought maybe just maybe this would be interesting in some way,

but no it was worse than I thought. This is the kind of book you look at and imagine the main characters being Wolverine and Sabretooth and realize the only reason people read those crappy superhero books is because of the nostalgic cool looking characters and action scenes in them. Nothing more. I'm glad I read it because this gives hope to any artist or writer out there who wishes to make comic books one day because if you think you can do better than you just might be able to get your comic published by a company like Image. What I'm happy to see is that the books in general seem more interesting than this sad series these days. I hope the editors are doing their job and not letting something this crappy continue on in the assembly line without major editing. Maybe that is the most disappointing part. 1 of 1 people found the following review helpful. Eh. A very straightforward, action-y revenge fantasy. ...By Seppo Helava Eh. A very straightforward, action-y revenge fantasy. Characters are one-dimensional (if that), and don't evolve at all. The story's basically about nothing, the visuals are often more confusing than they need to be, and in the end, I don't really know or care why anything happened.

Orson Gage is no good man. His wife's death thrusts the only kind of righteousness he's ever known upon him: Revenge! Her murderers must die. All of them! In *Dead Boy Road*, writer Justin Jordan (*The Strange Talent of Luther Strode*) and artist Matteo Scalera (*Black Science*) follow Gage on the dark road he's chosen to travel a road that looks more and more like a highway to Hell!
