The story is set in the 1980's and follows around Marcus, and his misadventures at a high-school for assassins. Great story and art - I highly recommend this book. The intro is fantastic and reveals just how complex this story is.2 of 3 people found the following review helpful. Noise Noise NoiseBy Logan B.Rick Remender and Wes Craig's Deadly Class is a modern masterpiece. This book collects the first three arcs of the series,

or the entirety of Freshman Year. If you enjoy well-done teen drama with heaps of violence and gorgeous art, you will love this book. Except unlike the real world, angst in Deadly Class is explosive and violent. Also, way too much fun. 1 of 1 people found the following review helpful. ***SPOILER FREE***By Alec Mitchell Remender has yet another master piece. This comic follows the Marcus a homeless kid who finds himself in the underground school for assassins and like every school it has its cliques and Marcus finds himself his own. This comic holds deep character building and development and as the story goes on it seems like pages bleed together with the pacing that keeps getting faster. A great comic and I highly recommend.

Collecting the first three arcs of RICK REMENDER and WES CRAIGS dark, violent and twistedly humorous story of a group of damaged teens enrolled in a secret high school, training to become the worlds greatest assassins. Bursting at the seams with sketches, concept art and other extras, this oversized 8x12 hardcover is the ultimate way to experience the 1980s underground. Collecting DEADLY CLASS #1-16.
