Rob Liefeld, Chris Sims, Chad Bowers : Deadpool: Bad Blood before purchasing it in order to gauge whether or not it would be worth my time, and all praised Deadpool: Bad Blood:

10 of 10 people found the following review helpful. Definitely a good read, but the ending leaves you wanting more
UPDATE Vol 2 in the works! By Christopher Basquit I bought this today from my local comic shop. I am a huge classic Deadpool fan. By that I mean I was a fan before he became Marvel's cash cow and they started putting him in and on every single comic and turned him into a bumbling, taco eating fool. If you are a Deadpool fan but hate the new direction they took him with his idiotic potty humor and his chimichanga jokes, this graphic novel brings

Deadpool back to his roots. A badass, still slightly insane, merc for hire. Its a combination of a current story and a flashback story, but if you were a fan of X-Force in the 90s, there is nostalgia abound. That all being said, the book just kind of ends. Like, its getting really good, and then it just ends within 2 pages of wrap up and you are left asking "What next?". I feel like this should have been an over-sized mini series and not a one-shot graphic novel. Its definitely worth buying, especially for the price on , but do not expect to put it down feeling like you have a complete story. ****UPDATE**** A user commented on this review and informed me that Rob Liefeld has confirmed he will be writing a follow up to this graphic novel, so it honestly bumped my review up from my original 4 star to a 5 star. Knowing that the ending will be expanded on makes this book so much better. A must grab for any true Deadpool fan0 of 4 people found the following review helpful. Five StarsBy Andy TymczyszynAs described. Arrived undamaged4 of 4 people found the following review helpful. Expecting more By heatguyj72I'm a big fan of Rob liefeld. I'm around the same age kinda grew up on his art. I even remember when he did the Levi commercials. Saying that, I'm sorry to say I was a little disappointed. The story was weak. The art was great except the main bad guy, kind of blah to look at. Maybe next time Rob could write the story himself. I was just expecting more.

Deadpool-more popular than ever before-in his first Original Graphic Novel! Deadpool's been shooting, stabbing, and otherwise annoying people for a long time now. He's made a lot of enemies. One that he can't quite place is the brutal Thumper, who keeps showing up out of the blue to pound him into jelly. What is Deadpool's past connection to this beefy face-masher? And what's up with Cable, Domino, and the others on the cover? Are they going to show up in the book? (Hint: They are!) Deadpool co-creator Rob Liefeld on pencils and inks teams with writers Chris Sims and Chad Bowers (X-MEN '92) to tell the tale of his greatest creation (just roll with me here) getting his heinie handed to him! Check it out-efore Deadpool checks YOU out!
