I'm usually not interested in newer comics because they are always very outlandish and different from the original Marvel idea but this collection (I think) stuck to the original authentic Deadpool and didn't deviate much. Love the writer of this series, he really knows how to infuse the right amount of comedy, badass-ness, and action into a Deadpool comic. Great illustration, very vivid and colorful. It was way cheaper to buy this book on as opposed to Barnes and Noble or an actual comic book store because those venues sell it by the original publication price of \$34.99 which I thought was a bit much. It was also cheaper to buy this collection than to go out and buy all of the individual comic books from this series because those were about \$14.99 each. You get all twelve comic books plus some extra comics from other series by the author for around \$25. WORTH IT.1 of 1 people found the following review helpful. Happy Customer!By JudenBearOne of my top 5 (not so hero) superheroes. Great story, it all flows very well. It shipped quickly and arrived quickly.0 of 0 people found the following review helpful. I love Deadpool because I am chronically ill and he is a character that has gone through cancer treatments and suffers with chronic pain. I'm excited to know him better through these pages (as opposed to the movie).

Daniel Way's hilarious, action-packed run begins here! When the Merc with a Mouth is hired to rub out Wolverine, sparks will fly! But when both men can regenerate any wound in minutes, how can either one expect to finish off his foe? And whoever wins will have to face Wolverine's murderous son, Daken! Then: The Skrulls have infiltrated Earth, but nobody warned them about Deadpool! The invaders replicate Deadpool's healing factor in a new generation of Super-Skrulls - but why is Deadpool himself leading this brigade against Earth? And when Norman Osborn double-crosses Deadpool, the maniacal merc unleashes a full-on assault against Avengers Tower! Norman must pull out all the stops - and that means deploying his new team of bloodthirsty, black-ops Thunderbolts! COLLECTING: WOLVERINE: ORIGINS 21-25, DEADPOOL (2008) 1-12, THUNDERBOLTS 130-131 and DEADPOOL SAGA
