Funny comics, lazy writing on the story line.By Bruin202I consider Daniel Way one of the funniest writers for the Deadpool series, but he is no Joe Kelly. I thought he had a strong start with the first volume, but here I am ready volume 4, and these comics can be painful to read at times due

to the lazy writing. It just frustrates me when you see a potentially great story line turn into a big joke, because hey, its Deadpool, why does anything need to be serious. I get that Deadpool is a very entertaining character, but his humor should be an addition to a great story line, not the selling point. Overall these are funny comics, just very lazy writing on the story lines.0 of 0 people found the following review helpful. But when his newfound ability to die makes Deadpool feel more alive than ever, his sudden lust for life gets him in hot water with everyone he crosses - including crime bosses, super villains, his fellow mercenaries and even a dual Beretta-wielding monkey!
