Fabian Nicieza, Dan Slott : Deadpool Cable Ultimate Collection - Book 3 (Deadpool and Cable) before purchasing it in order to gage whether or not it would be worth my time, and all praised Deadpool Cable Ultimate Collection - Book 3 (Deadpool and Cable):

Certainly there is no other series that is better, and very few that come close. The only negatives I have to say about the series is the nearly complete disappearance of

cable towards the end of vol 3 and the need of a few other collections to fill in some of the gaps not included in this collection of 3 volumes. Other than those negatives, I cannot speak enough positive words to adequately describe this series. It is a must read for any marvel fan, and I cannot recommend it enough, some of my most favorite scenes of all time are included in this book, cable as a medieval swordsman fighting a early apocalypse (very 80s metal by the way), a rapidly aging from a baby to adult cable sitting in a bar telling stories with deadpool, and many more. 0 of 0 people found the following review helpful. Excellent Conclusion By Monstarz Inc. I recommend to buy all the trades in this series they are excellent and must read for all comic fans. After reading all the volumes this was the hardest since it completed the series and I wish they were still writing this. Only thing is Cable is not in it for the last half but he gets replaced by Bob from Hydra and he kills it, hilarious character. A must read series for all Deadpool fans! 0 of 0 people found the following review helpful. Four Stars By Stefani Gebo Daughter LOVED them
