Wells Collecting: Prelude to Deadpool Corps #1-5---- Deadpool Corps #1-12---- Deadpool Family #1 Bonus: 17-page art gallery If you liked Lady Deadpool from Deadpool Classic Volume 11: Merc With a Mouth check out this collection because Lady Deadpool (and a whole host of parallel universe Deadpools including Headpool, Dogpool, and Kid Deadpool) feature

prominently in this collection. The issues in this book were originally published in magazine form in 2010, and previously collected in series of hardcover or paperback trades. This collection represents the first time the entire Deadpool Corps has been brought together in one volume. The premise behind this series is an amusing one: Deadpool needs a team of crack operatives in order to complete his mission. Of course, the best people for the job would be alternate-earth incarnations of Deadpool. The Deadpool Corps is a team of crack (and cracked up) Deadpools collected from throughout the multiverse. I love Deadpool, and this collection doesn't disappoint. I am looking forward to the next iteration of the Deadpool Classics collection, Deadpool Classic Vol. 13: Deadpool Team-Up 3 of 3 people found the following review helpful. Pull the trigger on this buy. By T. B. Godfrey As a neophyte to Deadpool I did spend the month of August getting up to speed. This was the capstone of my reading. Funny, intelligent, and fast paced. Good read while relaxing with a chimichanga and Fresca. 0 of 0 people found the following review helpful. The premise is alright, but this series revolves around ... By Josh The premise is alright, but this series revolves around Deadpool and Lady Deadpool. The other 3 characters have extremely minor roles, only appearing to remind the reader that they're in the background and still exist within the story. The plot is alright, but falls apart rather quickly and wraps up a lot faster than expected into a disappointing and flat resolution. If you're a collector, pick it up, otherwise you can probably skip this book.

Deadpool gears up for an intergalactic adventure, but to succeed, he'll need to assemble a crack team of special operatives! So naturally he recruits four other versions of himself! What could go wrong? Lady Deadpool, Kid Deadpool, Dogpool, Headpool and the original Merc With a Mouth form...the Deadpool Corps! First, the consciousness-sapping Awareness has wiped out the free will of millions of planets, and the Corps must stop it from destroying the galaxy! If they can keep the in-fighting and binge drinking to a minimum, they just might just stand a chance. COLLECTING: Prelude to Deadpool Corps 1-5, Deadpool Corps 1-12, Deadpool Family 1
