I liked the Agent X stories as well but Agent X isn't really as appealing or as enthralling as Deadpool so kiss my fat blubber. The art, however, is wonderful even though the action sequences are a little awkward. Overall, this collection is happy fun.5 of 6 people found the following review

helpful. Deadpool, the most popular Merc...By Beto van Beethoven I've collected all Deadpool classic series throughout the years. I've seen some excellent writing (Joe Kelly) and some good writing too. Deadpool is a fascinating character, the anti-hero with a twisted sense of humor that loves to throw crazy lines when you least expect it. This specific issue by Gail Simone is not bad. There were some things that made me wonder how much character research went into account when this was written, just an easy example, it is common knowledge that Deadpool is fluent in German, Japanese and Spanish, well the guy is flying to Germany with his pal Ratbag and the flight attendant tells Deadpool, "Danke, dass sie mit uns geflogen sind!" to what Deadpool replies "I don't know what you just said but I'd pay good money to hear it again!". The story is quite good, there are lots of fun and hilarious moments, the art is done quite well in my opinion. The story with "The Rhino" is one of my favorites it is just hilarious. You get 272 pages, half of those are Deadpool (1997) issues # 65 to 69, the rest are Agent X issues # 1 to 6. Agent X is alright as well, in my opinion Agent X adds to the story, there are some hilarious moments in it as well, the Task Master and other memorable characters will be there as well. I just wished there was more Deadpool than Agent X in it. Enjoy it! 0 of 0 people found the following review helpful. I cannot praise enough the stylistic genius of Gail Simone. By Basilisk I won't give away anything away but if you like fast paced action, incredible depth in your writing, and laughing until you cry, you will love Gail Simone's take on Deadpool. She is definitely by far my favorite writer for this comic series.

Writer Gail Simone takes on the Merc With a Mouth! When Deadpool crosses paths with the Black Swan, the telepathic villain infects Wade with a virus that eats away at his mind. Can Deadpool overcome his degenerating thought processes and continue his merc work? No, probably not. Plus, Deadpool is hired to steal the Rhino's horn and protect Dazzler, and gathers new allies Sandi Brandenburg, Ratbag, Outlaw and the Taskmaster. But when a showdown with the Black Swan goes wrong, who - if anyone - will survive? COLLECTING: Deadpool (1997) 65-69, Agent X 1-6
