**Cullen Bunn : Deadpool Minibus (New Printing)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Deadpool Minibus (New Printing):

This hardcover minibus contains more hours of thrills, chills, and spills that deadpool himself could shake a samurai sword at.My only complaint is the physical appearance of my book. When I took the dust jacket off I noticed lots of markings and lines across the

hardcover. It looks like it could be from a sorting machine or something it comes totally wrapped in cellophane so that's the only thing I could think it would be from. 0 of 0 people found the following review helpful. Great collection of comics! By Sarah I am a huge deadpool fan. Been reading the comics for close to 8 years now. I am very happy with how big the book is and the comics within. Though they are pretty brutal (poor dogpool) it is a must read for deadpool fans. 1 of 1 people found the following review helpful. Darker take on Deadpool, overall fun read. By Bruin202 Collen Bunn definitely went dark with his take on Deadpool. I can appreciate a writer who isn't afraid to push the boundaries of a character. This is one of the better takes I've seen on this character in recent years. It has a nice balance of dark plots, entertaining story line, and of course that Merc with a Mouth humor we've all come to love. I like the hardcover, and the print couldn't be better. I enjoyed reading this Minibus.

Deadpool's wildest adventures are collected in one blood-soaked volume! What if Deadpool decided to kill everyone and everything that makes up the Marvel Universe? What if he followed that up by slaughtering the most famous fictional characters in classic literature? And what if he finally took aim at the ultimate target: himself? You'd have the fan-favorite "Deadpool Killology," that's what! But when Deadpool battles Deadpool, will he win or perish? Yes! Then: Deadpool awakens from a food coma to find...the zombie apocalypse has occurred! Can the Merc with Mouth avoid becoming the Merc in their mouths?! And when Deadpool takes on Carnage, good-crazy battles bad-crazy, blood will flow--and Deadpool will literally go to pieces!
