Wells Collecting: Deadpool's Art of War #1-4 Bonus: 6 Pages of Art and Sketches Deadpool's Art of War collects a Deadpool miniseries of the same name with a strange premise. Deadpool has travelled to the past to kill Sun Tzu and in the process takes the manuscript for the famous Art of War. Always scheming, Deadpool wants to make money by creating a new

edition of the Art of War. In order for the Art of War to be a bestseller, Deadpool needs the world to actually be at war. Deadpool teaches the ancient Chinese maxims to Loki who uses the knowledge to storm Asgard and invade Earth. Writer Peter David uses maxims from the Art of War and juxtaposes them against superhero moments. For instance, Sun Tzu advises "Narrow passages can be strongly garrisoned..." and the panel shows Cyclops guarding the Holland Tunnel against the forces of Asgard. David pens a few humorous scenes in the book. A witty play on "I" and "Aye" that was written with a nod to the classic 'who's on first' had me chuckling, and I appreciated the homage to the scene in Marvel's The Avengers when Loki tangles with the Hulk. Unfortunately, other than a few brief moments, the humor that is the hallmark of a good Deadpool story just didn't work. Deadpool working with the God of Lies to destroy the Earth seems out of character, even for Deadpool. This miniseries is completely out of continuity, so the events in this book do not impact any characters or other titles. Deadpool completists will want to pick up this book. There are some good moments. If you can overlook the many, many non-sequiturs involved with the plot, the book reads well and has solid pacing. 2 of 2 people found the following review helpful. Interesting Story By Cool Girl This story was pretty interesting to follow. It was about Deadpool starting a war so he could write a book and become a best selling author. My one complaint is that Deadpool seemed out of character at times. If you're looking for a simple short story to read, this book will do. 0 of 0 people found the following review helpful. Five Stars By chefmattman One of my favorite Comics. Very happy with my Buy

Sun Tzu's Art of War has been called the definitive work on military strategy and tactics and has influenced leaders in both warfare and business for hundreds of years...which means it's totally in the public domain and ripe for being ripped off by Deadpool! And what's Deadpool's plan to ensure his version of Art of War outsells the original? Make sure the entire world is at war when it comes out! COLLECTING: DEADPOOL'S ART OF WAR 1-4
