Brian Posehn, Gerry Duggan : Deadpool, Vol. 1: Dead Presidents before purchasing it in order to gage whether or not it would be worth my time, and all praised Deadpool, Vol. 1: Dead Presidents:

2 of 2 people found the following review helpful. Deadpool vol 1: Dead PresidentsBy vince westA "confused" man brings back all dead presidents to help fix this country. Problem is when they came back they came back very powerful and very mad. No "heros" wanted to be seen fighting ex presidents so they ask Deadpool to do it. SHIELD offers him a very nice sum of money to do it. Of course he does and ends up working with a very professional agent,

Ben Franklin's ghost, and Dr. Strange. The fight even leads him to space for a short time. He ends up with a new "voice" in his head before all said and done. And during this fight they find there might be a dirty high ranking SHIELD agent up to A LOT of no good.

Although I found myself laughing at several of the jokes that the Merc with a Mouth landed, that was the main problem with this book; I wasn't laughing enough. Many of the jokes tend to fall flat and I would be okay with this if the story made up for it, but unfortunately it's all over the place and rather boring. As for the 3 star rating, I am not one to not give credit where it is due. The art in this book is fantastic and it has to be to showcase the over the top violence that Deadpool is famous for. I wish that the jokes and story were of that caliber.

By 21 DaysWith the upcoming Deadpool movie, there's been a lot of interest in Deadpool comics. The 2012 series is a great place for a new reader to start. The art is fantastic, the story is hilarious, and there's even a number of history jokes that had me in the floor laughing. It's smart, it's funny, it's Deadpool at his best! I love how Posehn and Duggan approach the character and where they take him on the journey throughout their run. In particular I loved Agent Preston, Deadpool's reluctant partner. When you've done this run, go back to the Classic Deadpool series and work your way forward from there.

Part of the Marvel NOW! initiative! Dead former United States presidents, from George Washington to Gerald Ford, have been resurrected--and that's bad. The Marvel heroes can't be the ones to stop them...someone is needed with the reputation, skills and plausible deniability to take out these com-monsters in chiefs. Deadpool time is NOW! Be here as Deadpool de-un-deadifies ex-Presidents left and right...matching wits with Tricky Dick Nixon, fighting a grudge match against Honest Abe Lincoln, and battling Ronald Reagan--in space! Do you need more than that?! Fine, then: monkeys! And maybe Dr. Strange if you're good! This is the Deadpool series you will marry someday! In Wade We Trust! COLLECTING: Deadpool 1-6

From BooklistFace sores and severed ears ago, Deadpool was unleashed on the Marvel universe to rid the world of U.S. presidents raised from the dead and wreaking havoc on earth. In an over-the-top punch-up written by Duggan (Attack of the Show!) and comedian-actor Posehn, cult-favorite Deadpool gets the Marvel NOW! treatment, and this first collection does not disappoint. The premise is as simple as it is humorous: Deadpool is reluctantly commissioned by the global police force, S.H.I.E.L.D., to locate and rekill zombie presidents magically reborn, thanks to a misguided patriotic necromancer. A classic Deadpool comic comes preloaded with quips, banter, and revelry, but what makes this book truly shine is the intricate artwork by Moore (The Walking Dead, v.1, 2006). Moores elaborate spreads are often full of multiple moving parts with detail to spare, but he manages it all without the art feeling cramped. Duggan and Posehn provide an undead playground for Moore to sketch, from a bare-knuckle boxing match with Abe Lincoln to a zero-gravity romp with Nixon in space. This book should come with a ripcord. --Ben Spanner

About the AuthorBrian Edmund Posehn is an American actor, voice actor, musician, writer, and comedian, known for his roles as Jim Kuback on The WB's Mission Hill and Brian Spukowski on Comedy Central's The Sarah Silverman ProgramTony Moore is an American comic book artist, whose work consists mainly of genre pieces, most notably in horror and science fiction, with titles such as Fear Agent, The Exterminators, and The Walking Dead.
