Gerry Duggan, Brian Posehn : Deadpool (Volume 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Deadpool (Volume 1):

This review is brought to you by your friends at Party Time Fruit LiquorBy SlyFinally the Marvel Now relaunch of Deadpool by Posehn and Dugan has gotten a quality hardback release. This release contains the first 12 issues which make up the first 2 story arcs: Dead Presidents, and Soul Hunter. This release also contains some good extras: It looks like they've included all the fan mail submissions from all

12 issues which are totally worth reading. They've also included the script for the hilarious throwback issue #7, that issue has become a fan favorite so it's really nice of them to include that. There is also a small variant cover art gallery, and for you AR app users there is an index in the back of the book that tells you on what page each AR icon is located on, so now you don't have to worry about missing any of them. If you've been a fan of Deadpool for years, no worries, he's still the Merc we know and love, and if you're new to Deadpool's mad crazy world then this is a fine place to start. Party Time Fruit Liquor: It's like a hug in every chug. 0 of 0 people found the following review helpful. It's everything you'd expect from the character if you loved the movie, and more. By Customer I bought this as a gift after buying the same issues in separate editions. It's funny, has some nice Big Lebowski references, and was a great introduction to the character after loving the movie and being unable to get a hold of the Joe Kelly set. 0 of 0 people found the following review helpful. Great entry! By Robert Duggan/Posehn, Joe Kelly, and Fabian Nicieza are the holy trinity of Deadpool! This one started off a little goofy, but this series quickly grows to be a great series. Highly recommend.

Gerry Duggan and Brian Posehn's hilarious, nonstop reinvention of the Merc With a Mouth! When a cadre of dead U.S. presidents - from George Washington to Gerald Ford - rise from the grave to terrorize their countrymen, only someone with the already-sullied reputation, indiscriminate killing skills and implicit insanity defense of a heavily armed madman can be trusted with this abhorrent operation. But who in the Marvel Universe will dirty their hands by bashing in these resurrected heads of state? NOW! is the time for Deadpool! Then: A demon hires Deadpool to reclaim damned souls! And just in case you didn't think he could get any stranger, Wade gets in touch with his feminine side! Guest-starring your Superior Neighborhood Spider-Man and some dude with aquatic powers! And we promise Deadpool kills one of those two! Plus: Flash back to Wade's adventures of yesteryear with Iron Man!
