I wasn't quite sure why they wanted to break into this market but they sure hit it out of the park on this first go. Dear Dracula is a kids book that does what all great children's books should do. It doesn't talk down to its target audience (kids) and it's written (and illustrated)so that adults enjoy it as well. In fact I don't have any children yet and bought this copy just for myself. I hope to see more from this line and these creators.0 of 0 people found the following review helpful. Sam loves scary movies, especially the ones with Dracula. This year, instead of writing to Santa for Christmas, Sam writes to Dracula, telling Dracula that he wants to be a real vampire on Halloween this year. Sam is in for quite a surprise as the most famous of all vampires himself responds, in this fun and fanciful romp through a young boy's

imagination, drawn in an engaging style that will delight young and old alike!
