**Stjepan Sejic : Death Vigil Volume 1 (Death Vigil Tp)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Death Vigil Volume 1 (Death Vigil Tp):

0 of 0 people found the following review helpful. Death becomes herBy Jeffrey T. BraceyDeath Vigil is a terrific supper natural talent about recently deceased people with the "gift" who are given the chance to aid the Grim Reaper (a lovely lady named Bernie) in her endless battle against the necromancers and their demonic cohorts.The series is equal parts cosmic horror, super hero fantasy and a study in the bonds between family members. It's both exciting and

dramatic with a terrific story, relatable characters and amazing art from one of the best in the Comic industry. We'll worth buying and I hope Vol 2 is in the works.0 of 0 people found the following review helpful. Death Is A Girl And She Likes Finnish MetalBy Lasciel's ToyDeath likes to slap in some earbuds and dance like no ones watching....and they better not be! The biggest, meanest monster of them all loves video games and geeking out. And a girl discovers that the end really isn't just that. There's work to be done, saving the world, and our motley crew will damn sure do it. Stjepan Sejc brings us another great story, unlike the one you'll find in Sunstone Volume 1 , we exchange leather and lace for ethereal weapons and a talking, killer crow. Much better reviewers than eye can cover the story, short of me saying I love it and am breathlessly waiting for the next volume. I have been and always will be an art lover when you comes to comics, Stjepan makes me fall in love with every page and every unusual facial expression that you've never seen drawn before. His work is beautiful, striking and meaningful. You can tell he loves what he does and wants you to love it just as much. And you will, like Sunstone, you'll finish this and go digging for every series he's worked on and you won't regret it.0 of 0 people found the following review helpful. The writing and art are amazing, characterization makes heroes relatable and villains empatheticBy Ryan BlackmanStjepan Sejc does it again in a remarkable comic series about the adventures after death. The writing and art are amazing, characterization makes heroes relatable and villains empathetic, and humorous bits snuck it make even the most dramatic scenes a hoot without ruining the mood. I followed the Death Vigil series as Sejc worked on it, but having all 10 volumes in one book has made for enjoyable nights of kicking back and reading one of my favorite series.

Gifted? Join the Death Vigil in their ongoing war against the ever-growing power of the Primordial Enemy! Only catch is you have to die first. Become a corporeal immortal Death Knight and obtain reality-altering weaponry in the never-ending battle between good and evil.
