**Christopher Sebela : Demonic** before purchasing it in order to gage whether or not it would be worth my time, and all praised Demonic:

0 of 0 people found the following review helpful. Not worth your timeBy SpideyI wanted to like this. I really did. But it's already been done a lot better in books like Outcast and Sons of the Devil. The art was awful. It didn't portray what was supposed to be the action of the book at all. The drab, muddy color palette didn't help things either. The beginning of the book just dragged and dragged with our character arguing with the demon inside him for the first 50 pages. This

book really isn't worth your time. Received an advance copy from Image and Edelweiss in exchange for an honest review. 0 of 0 people found the following review helpful. Feelings of Ghost Rider, Punisher, and Illuminati all rolled into a bloody fun read! By TacoShellsAndCrazyPills Not perfect as others have said, but I definitely recommend it if you're into things like Ghost Rider or The Punisher. Not as balls-to-the-wall supernatural as Ghost Rider, but the aspect of the good guy using the powers of darkness for his personal fight against an organization that wronged him is easily compared to The Punisher's systematic take down of mob families. It is a bit slow at the start, but picks up pace once we hit the middle and comes screaming as the final chapter comes to a close. Some things are answered while many questions are given, but I imagine these will be addressed in the next volume. I will say that the climax is a bit cheesy, but overall it was a pleasant read. 0 of 0 people found the following review helpful. Corrupt policemen, secret cults and demons lots of action and bloodshed By PaulAllard This comic collection deals with demons and a secret cult called Novo. A policeman is recruited to bring down this organisation, killing everyone along the way all this to protect and keep his family safe and healthy. With the print a bit small in the digital edition, this was quite difficult to read. It's OK if that's your bag.

Detective Scott Graves will do anything to protect his family... even bargain away his soul. Now, the only thing to fear isn't New York's worst criminals, but what's already raging inside of him. After all, what's the cost of your soul when it's already damaged? Created by ROBERT KIRKMAN, this vigilante answers to no man, only the demon within. Collects DEMONIC #1-6.
