confession. This really marks when Kurosaki starts to understand that just being by her side isn't enough. And more importantly, he comes to realize she would forgive him for her brother's death and that makes him feel even more unworthy. The humor and emotion continue in this volume - just when the story gets serious, Motomi adds in the right amount of humor to defuse the situations. This volume also deepens the plot and introduces the characters (villains) that will lead Teru down the path to being forced to confront Kurosaki about his identity as Daisy. This is another great volume full of romance, adventure, and humor (Teru: you smell like alcohol, Kurosaki. Kurosaki: well, you smell like milk, which is odd since you have no boobs). There's just the right amount of plot, with little or no filler, and the series is still ongoing in Japan. 0 of 0 people found the following review helpful. great buy By Green eggs and ham If you have a child that loves Anime then this is the series for you. It will be hard to beat the price anywhere else. The books were pristine and came quickly. My daughter absolutely loves this series and we could not have been happier with the company. The books are beautiful and have a great story. The price may seem high but is average for Anime.
