**Brian Wood : DMZ Book Two** before purchasing it in order to gage whether or not it would be worth my time, and all praised DMZ Book Two:

In the near future, America's worst nightmare has come true. With military adventurism overseas bogging down the Army and National Guard, the U.S. Government mistakenly neglects the very real threat of anti-establishment militias

scattered across the 50 states. Like a sleeping giant, Middle America rises up and violently pushes its way to the shining seas, coming to a standstill at the line in the sand--Manhattan, or as the world now knows it, the DMZ. In this volume, Matty goes undercover to infiltrate a terrorist cell, lands an interview for Liberty News with an enlisted U.S. soldier who's found guilty of a massacre within the DMZ, and turns his attention to several locals: a guerilla artist, a former ally who's now worse off than a homeless person, and the powerful head of an organization within the DMZ. Collects DMZ #13-28.
